Gentlemen:

**WEBSTER'S "EFFECTIVE  
ENGLISH EXPRESSION"**

*commends itself by its simplicity and directness. It treats of English, written and spoken, such as everyone has to use, and suggests excellent practice for the student whether he is looking forward to business or to college. Yours very truly,*

# **DEBATE AND ORAL READING BOOKS**

## **A Manual of Debate and Oral Discussion**

**By JAMES M. O'NEILL**

*12mo 303 pages \$1.50*

The treatment is short, simple, and above all, accurate. The aim is to make debating and discussion more directly identical with the actual debating of practical life. The statements regarding evidence, burden of proof, issues, etc., are true not only for classes, but also wherever orderly, public discussion takes place. In addition to presenting the principles of argumentation and debate, Professor O'Neill gives helpful suggestions as to conducting discussion contests, the organization and judging of debates, the rules of procedure, briefing and debating leagues.

## **Parliamentary Practice**

**By GENERAL HENRY M. ROBERT**

*Author of Robert's Rules of Order*

*16mo 295 pages \$1.25*

Simple and brief, this book covers the subject sufficiently to enable the student to master the rules of parliamentary procedure necessary for conducting an ordinary meeting. The principles are so clearly presented and applied that they can be understood easily, even by one ignorant of the subject. While there is no short cut to an understanding of parliamentary law, it offers by far the easiest and most effective plan of study yet evolved. First it explains the rules, then through dramatic exercises shows how they work in actual practice, and finally it offers many practical helps and hints for one preparing to take part in organized meetings.

## **Modern Literature for Oral Interpretation**

**By GERTRUDE E. JOHNSON**

*16mo 418 pages list price \$2.00*

This is a practice book for courses in vocal expression, interpretative reading, etc. Practically all of it is devoted to material, that is, space is not given to text discussion of voice, gesture, etc. A large proportion of the selections are modern and for the most part by contemporary American authors. Very few are found in any other compilation. The bibliographies on contest material, helpful texts, and other material for interpretation, the program suggestions, and the many suggestive notes add to the usefulness of the volume.
